Made for Motion

Mechanical Coupling Solutions for Power Transmissions

General Power Transmission

ROTEX
Flexible Curved Jaw Coupling

BoWex M
Double Crowned Tooth Gear Coupling

RADEX N
Steel Disc Coupling

Motion Control

ROTEX GS
Zero Backlash, Precision Servo Coupling

TOOLFLEX
Zero Backlash, Metal Bellow Servo Coupling

RADEX NC
Low Inertia, Steel Disc Servo Coupling

Overload Protection - Torque Limiters

RUFLEX®
Friction Disc Torque Limiter

SYNTEX
Zero Backlash, High Accuracy Torque Overload Device

KTR SI
Safety clutch in ratchet, synchronous and failsafe design

Engine Drive Couplings

BoWex FLE-PA
Torsionally Stiff Flywheel Coupling

BoWex HE
Torsionally Soft Flywheel Coupling

MONOLASTIC
Torsionally Soft, Single Piece, Elastic Flywheel Coupling

- Strong technical support team with immediate response
- Large selection of standard couplings within 24 hours
- Customized solutions with adapter housings
- Worldwide sales and technical support
- Competitive pricing
- ISO 9001 and ISO 14001

ODG
GEARS • TRANSMISSIONS • COUPLINGS
WORLD LEADER IN AMPHIBIOUS VEHICLES
